Dear Jerry and Brian,

The governing board of the Atlanta Radio Theatre Company would like to express our congratulations for Great Northern Audio Theatre's accomplishment in winning the 2017 Audie Award for Audio Drama for "In the Embers." We had a listening session, attended by about twenty of our members, officers, and board members, to hear the CD recording, and were very impressed!

Your production has great acting, music, soundscaping, and technical values, along with an absorbing set of characters and an intriguing, engaging situation. We liked the way that the fantasy hook—the recordings recovered from charred wood—led into a human drama filled with emotion, conflict, and sacrifice. Great Northern Audio Theatre did a wonderful job with this title, and we all agree that you fully deserved the award—you've given other audio producers a high standard to aim for.

Thanks to your cast, technical crew, writing staff, and composer for the experience. We enjoyed listening to the recording and look forward to more productions from you in the future. Again, on behalf of the Atlanta Radio Theatre Company, please accept our sincere congratulations on your winning the Audie. Well done!
